Position: Front-end Developer

## Contacts:

- Ukraine, Kharkiv
- Date of Birth: 15.12.1995
- Phone: +380661662311 (telegram, viber)
- Skype: r0sljk
- Email: [sozdayka@gmail.com](mailto:sozdayka@gmail.com)
- LinkedIn: <http://linkedin.com/in/sozdayka>

## Summary

---

I have more than 2 years of professional experience in developing front-end web applications using JavaScript and the most popular Angular and React frameworks, mobile applications using React Native, Ionic, Cordoba. A year ago, I started using Node JS to develop a server side before using Php.

I am a responsible, good team player and have communication skills and the ability to work hard. And also I have leadership qualities that I got under the leadership of the project team. To improve my professional skills, I am constantly developing as well as attending various developer conferences.

## Technical skills

---

- JavaScript
- TypeScript
- React JS/TS
- React Native
- Ionic 4 / cordova
- Angular 7+
- Node JS
- HTML
- CSS
- SCSS
- Less
- Bootstrap
- Ant Design
- Webpack / Gulp / Parsel
- npm
- GIT
- PHP
- Rest API
- Basic knowledge of Vue Js
- Firebase / MongoDB / MySQL
- JIRA / Trello

Also, I use Visual Studio, Visual Studio Code, Photoshop, Figma and Invision

## Soft skills

---

- Sociability
- Punctuality
- Critical thinking
- Creativity
- Flexibility
- Team player
- Leadership skills
- Ability to solve complex problems

## Experience

---

**Anuitex** Mar 2018 - Feb 2020

### Projects description:
